2. We note that evaluate your ability to expand sales with existing customers by assessing

your dollar-based net expansion rate on a last twelve months basis and that such $% \left(1\right) =\left(1\right) +\left(1\right) +\left$

rate exceeded 110% for fiscal 2021. Please tell us, and in future filings disclose, the $\,$

specific percentage of the dollar-based net expansion rate for each period presented. Also,

tell us and disclose whether software license revenues, which are recognized upon $% \left(1\right) =\left(1\right) +\left(1\right) +$

delivery and included within subscription revenues, are included in the calculation of

annual recurring revenue (ARR). Lastly, tell us and disclose the percentage of $\ensuremath{\mathsf{ARR}}$

 $% \left(1\right) =\left(1\right) +\left(1\right) +\left($

disclosure of the alternative dollar-based net expansion rate. Refer to Item $303\,\mathrm{(a)}$ of

Key Operating and Financial Metrics

Free Cash Flow and Unlevered Free Cash Flow, page 48

3. We note that your non-GAAP liquidity measure of unlevered free cash flow includes an $\ensuremath{\mathsf{GAAP}}$

adjustment for cash interest paid. Please revise to remove this adjustment as charges that $\ensuremath{\mathsf{A}}$

require cash settlement cannot be excluded from a non-GAAP liquidity measure in a filed $\,$

document. Refer to Item 10(e)(1)(ii)(A) of Regulation S-K. Results of Operations, page 55 $\,$

4. Please tell us and in future filings revise to include a discussion regarding the various

factors that contributed to your revenue growth. At a minimum, address in quantified

terms the increase in revenue from new versus existing customers.

Refer to Item 303(a)

of Regulation S-K.

5. We note your discussion of interest (expense) income, net and (benefit) provision for $% \left(\frac{1}{2}\right) =\frac{1}{2}\left(\frac{1}{2}\right) +\frac{1}{2}\left(\frac{1}{2}\right) +\frac{1}{2}$

income taxes on pages 53 and 54 qualitatively discuss multiple factors that impacted these

line items, however, you do not include a further discussion of such changes within

Results of Operations. In future filings, when there are material changes to a line item,

 $\overline{}$ please describe the underlying reasons for such changes in both quantitative and

qualitative terms, including the impact of offsetting factors. Refer to Item $303\,(\mathrm{b})$ of

Regulation S-K.

Exhibit 99.1

Non-GAAP Financial Measures and Other Key Metrics, page 3

6. You state that you believe your non-GAAP measure of unlevered free cash flow is useful

as a liquidity measure since it measures the cash that is available to invest in your business ${}^{\prime}$

and meet your current and future financing needs. To the extent you continue to provide

 $\,$ this measure in any future filings furnished with the Commission, please revise to avoid

implying that such measure represents the residual cash flow available for discretionary $% \left(1\right) =\left(1\right) +\left(1\right) +\left$

expenditures, since there are non-discretionary expenditures that are not deducted from $% \left(1\right) =\left(1\right) \left(1\right) +\left(1\right) +\left(1\right) \left(1\right) +\left(1$

the measure. Refer to Question 102.07 of the Non-GAAP Compliance and Disclosure ${\sf Disclosure}$

Interpretations.

accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or $\,$
